TRADE-ONLY SUPPLIERS OF FABRICATED SIGNAGE.

Part of William Smith Group 1832, Smith are suppliers of trade-only sign and display products. And, as sign manufacturers of nearly 100 years we have a wealth of knowledge and experience to ensure we can meet your signage requirements.

TRAY SIGNAGE.

Tray Signage is manufactured out of 3mm aluminium, although 2mm aluminium or Di-Bond can be used upon request. All Tray Signage is created to specification and is available in various styles.

Style variations include:

- Non illuminated basic Tray Signage
- Fret-cut and backed up with acrylic.
Available with or without illumination
- Fret-cut and push through.
Available with or without illumination.
- Projecting Tray Signage.
Available with or without illumination

BUILT-UP LETTERS.

All Built-Up Letters are expertly hand-crafted, ensuring they are made with precision and quality in mind.

Letters are available in various styles, including:

Built-Up Letters can be supplied powder coated to a RAL colour of choice, with a mill finish or faced off with vinyl.

Specialist mounting frames can be custom made upon request; Letters can also be mounted onto Tray Signage if specified.

Non-Illuminated Letters

These are available with Foamex or an aluminium rear tray for mounting.

Face Illuminated Rimless Letters

Letter depths available range from 35mm to 150mm.

Halo Illuminated Letters

These are available with a polycarbonate back tray. Letter depths available range from 35mm to 150mm.

Rim & Return Letters

Letter depths available range from 35mm to 150mm.

BESPOKE SIGNAGE.

Not all signage falls under a specific category. We can manufacture and supply bespoke signage, no matter how unconventional or out of the ordinary.

FLAT CUT LETTERS.

These can be manufactured out of several substrates including: **stainless steel, aluminium, ACM sheets, acrylic and Foamex.**

TRAFFIC SIGNAGE.

Created with the use of 3M reflective sheeting, all Traffic Signage is CE Marked, complying with European standard BS EN12899-1:2007.

RAILED SIGN PANELS.

Available as Sign Blanks complete with channel, or plate only.

All standard shapes are available including circles, triangles, and rectangles.

Railed Sign Panels are supplied with 72hr turnaround from the point of order to despatch.

CHAPTER 8 CHEVRON KITS.

Chevron Kits are available cut to size, ready to apply, and are specified to chapter 8 of the Department for Transport Traffic Manual.

These high visibility markings are manufactured from 3M micro prismatic reflective film, offering excellent reflectivity and brightness.

TECHNOLOGY.**

POST & PANEL.

Manufactured from aluminium and available with a choice of four different post types, including D-Post, Square Post, Round Post, and 2-Way Round Post. Planks can be supplied with depths of 100mm, 150mm, 200mm, 250mm, 300mm.

SLAT SIGNAGE.

Fabricated out of lightweight aluminium, the slimline frame protrudes only 20mm from the wall. Slats are easily interchangeable and held in place with a unique POP clip design.

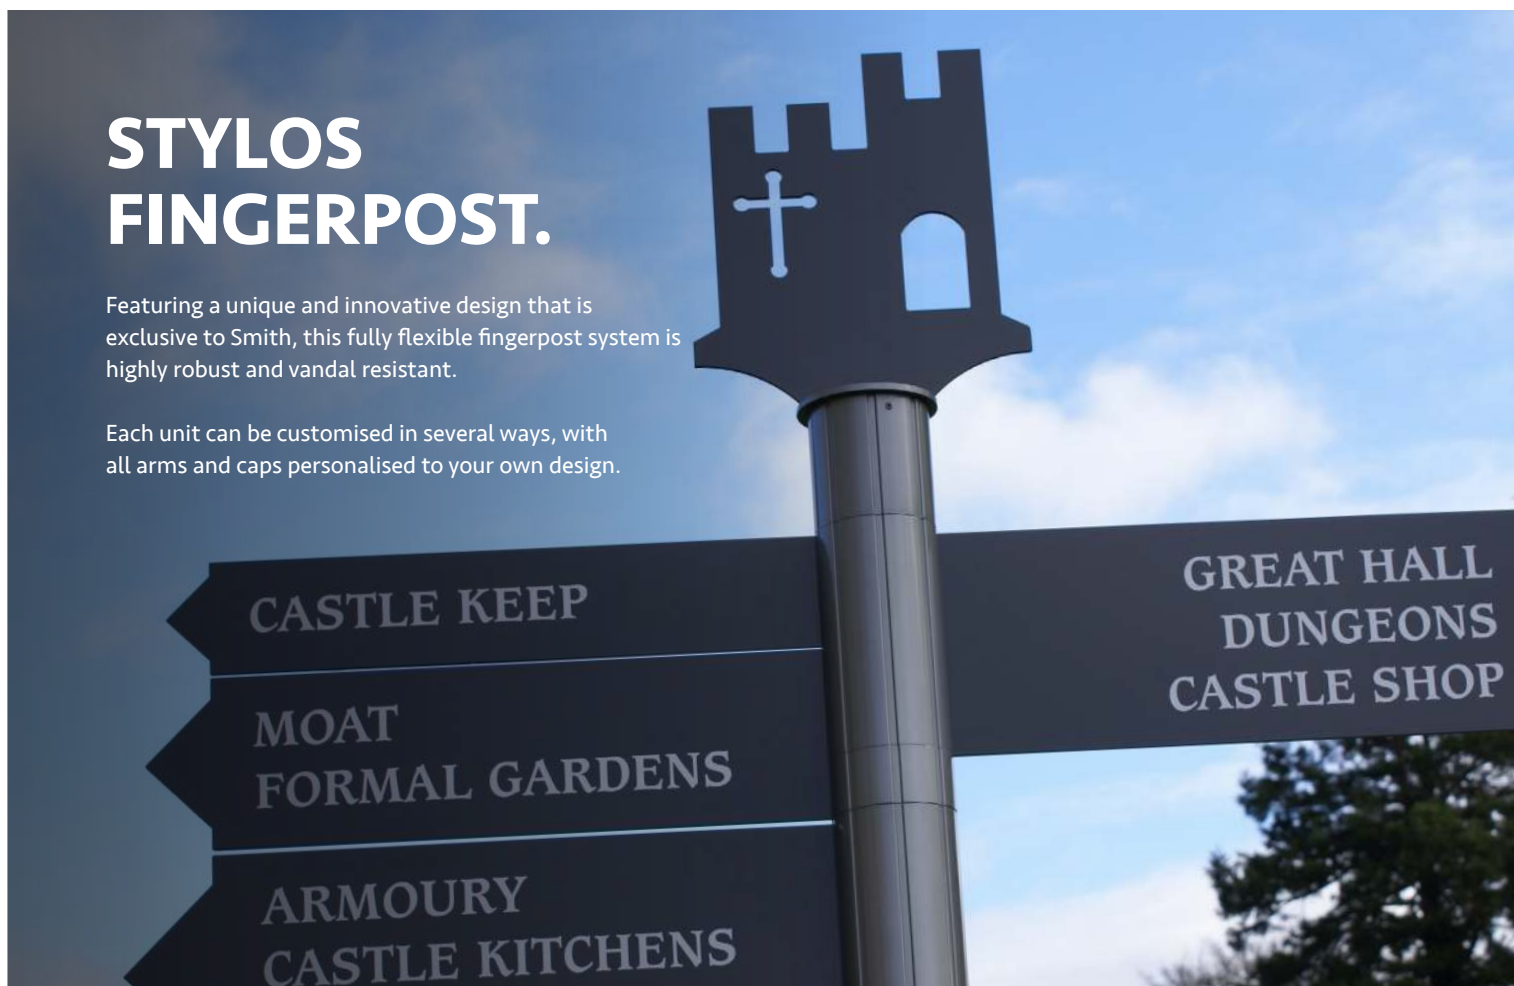

Slat profiles are available in the following depths; 15mm, 30mm, 45mm, 60mm, 90mm, 120mm, 150mm.

STYLOS FINGERPOST.

Featuring a unique and innovative design that is exclusive to Smith, this fully flexible fingerpost system is highly robust and vandal resistant.

Each unit can be customised in several ways, with all arms and caps personalised to your own design.
